FLORAL
COLLECTION

Cayuga DISPLAYS

DEPARTMENT: FLORAL

The floral department is a beautiful opportunity to enhance the fresh, vital impression of your overall store. We help you make the most of your stock, in its presentation and preservation!

The highly fluctuating nature of the floral department inventory means display units need to be versatile. We offer a number of mobile-friendly shelves, tables and cases to move easily out of the way when not needed and to blend seamlessly with the fixed components.

"I have worked with various fixture and millwork suppliers and I must say that Cayuga has provided me with the best product and service of them all."

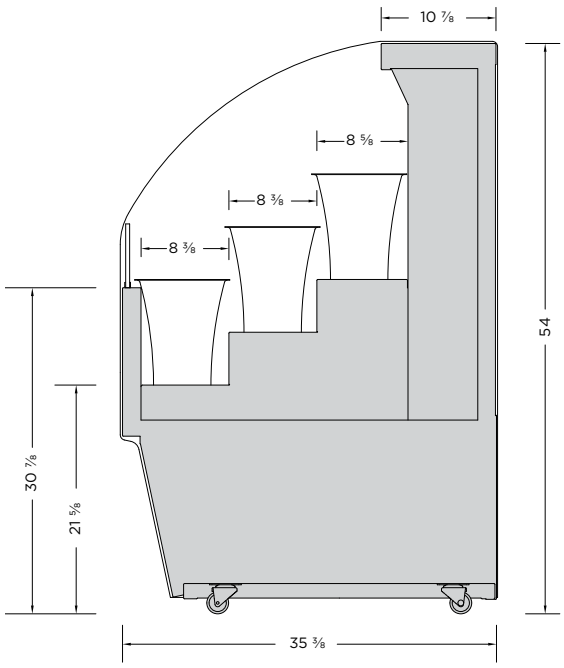
Sharon Young, McGinnis Sisters Special Food Stores.
Pittsburgh, PA

THREE-LEVEL SELF-SERVICE FLORAL DISPLAY – 54”H

REFRIGERATED

Standard features shown

Custom options available, refer to options schedule on next page



MODEL	LENGTH
FLP-48-54	49 ¼”
FLP-72-54	72”
FLP-90-54	90”

FEATURES:

- Many exterior finish options available: powdercoat paint, brushed stainless steel, laminates and natural wood finishes.
- 2 interior finish options: textured powdercoat black or brushed stainless steel.
- Other custom options are offered. Refer to the options schedule on the page.
- Three Stepped Riser to hold 9” diameter floral pots.
- Designed to maintain the temperature of the floral water within the display at a range of 40-41°F (5°C) with an ambient atmosphere of 75°F (24°C)/55% humidity. This display is not designed to maintain critical temperatures to hold food products.
- ETL electrical certification.
- New R-513A (non ozone depleting, low global warming potential) refrigerant used in the self-contained refrigeration system.
- The refrigeration system is designed to pull fresh air and heated exhaust air through a front vent integrated in the base of the display.
- Remote refrigeration available. Contact Cayuga Displays for details.

Note: Information and specifications may change due to engineering improvements.

Formica® Laminate

Formica Group provides surfaces that fuse beautiful design with purposeful functionality. Formica® Products provide versatile surfacing solutions that are inspired by and adapt to the way people live, work and play.

Formica® Brand Laminate offers a broader range of looks than ever before. Transform spaces with our modern laminates that are as beautiful as they are durable. Mix and match solids, patterns and finishes.

Product Features:
- Postforming
- Durable and Wear-resistant
- Horizontal and Vertical
- Impact Resistant

Formica® EliteForm

Our innovative Formica® EliteForm surfacing technology redefines the performance attributes of high pressure laminate to deliver a more durable laminate for today's market. Formica® Laminate with EliteForm features superior scratch resistance over other laminate brands, the ability to postform to a smaller radius with better blister resistance, and more durable, long-lasting surfaces, including the Gloss texture in horizontal applications. EliteForm comes standard on all Formica® Laminates, at no additional cost.

Formica Canada Inc. is located in St-jean-sur-Richelieu, Quebec, and employs more than 250 people.

Formica Canada is proud to be part of the Well Made Here local purchasing program.

As the inventor of high pressure laminate, Formica Corporation has always worked to provide innovative, high quality products. Efficient use of resources is at our core, and we have taken many steps to improve our environmental footprint - from reusing the water in our presses to incorporating recycled materials into our surfacing products. We are committed to a long-term planning horizon that includes becoming an industry-leading environmental steward.

HOW TO ORDER

We'll help you select the right case for your requirements.
The steps below will help us to serve you best.

1. Choose the showcase that meets your displays requirements from the product specification sheets.

2. Review the options table found on the specification sheet and make your selections of the options provided.

3. Select from the large pallet of colours found on the last five pages of the brochure, or choose a stainless steel, standard black or white for the exterior finish of your showcase.

4. E-mail your request for a quote to your Cayuga sales representative or sales@cayugadisplays.com and we will quickly respond to your request. Please include your full contact information in case we have any questions.
