## ABOUT POLO COLLECTION

Mogogo's PoLo Tables are lightweight and extremely versatile, designed using our unique Modular System.

Available in Round, Square, or Oval Tabletop shapes, they offer a wide variety of combinations.

This approach allows for the same coffee table to be effortlessly transformed into a bistro or bar table and then into a champagne or dessert station in no time. It provides you with flexibility while also retaining simplicity and style.

## MATERIALS

PoLo tops are made of our innovative BHP material. BHP is a newly composed material that arrived after two years of intense R&D. It merges layers of High-Pressure Laminate with a Vertical Bamboo core (Mogogo's expertise) creating a lighter yet durable panel that offers new textures and colors. This new material combines the advantages of both bamboo and HPL, perfect for the ever-changing needs of the hospitality industry. Available in a variety of finishes that resemble natural materials such as Bengal Mango Wood, Nero Marquina Marble, and Grey Slate (1-3), making it easy to match with any event and decor. The innovative bamboo core of the BHP goes in line with Mogogo's sustainability motto while the HPL's outer coating is durable for different environments, hygienic, and easy to clean.

PoLo segments come in 2 finishes—brushed stainless steel (4) and brushed brass (5).

## MATERIAL GUIDE

Customize your PoLo Tables by choosing from the different colors and finishes available.  
Simply choose your preferred design combination by inserting the corresponding letter to its designated space as demonstrated below.

## HOW IT WORKS

Mogogo's PoLo Tables' industrial design is based on the Modular System. Delivered to you in flat packaging, it is easy and fast to assemble and disassemble. Composed of the same individual components (tabletops, leg segments, and mid-part segments) it gives you the flexibility to transform the same coffee table into a bistro table, a bar table, or a display table.

PoLo's cross base and adjustable legs give it stability and the flexibility to adapt your table to any terrain. The clean one pole design makes this table blend easily into any design scheme and event space.

Highly versatile while offering durability and functionality, PoLo Tables enable you to use your creativity. Play with heights, tabletop shapes (round, square, or oval), different finishes, and add shelving layers as needed for additional display.

# DETAILS

OVAL COFFEE TABLE MG CPFV01 WSXX

## COFFEE TABLES

In addition to being lightweight, quickly assembled, and versatile while offering durability, Mogogo Coffee Tables can be placed anywhere in the room, for both decorative and service purposes.

Combined with other available heights and tabletop shape options, you can create interesting visual variations in elevations to further add to your stylish display.

#### ROUND COFFEE TABLE

Beautiful round coffee table for any small and intimate setup.

MG CPFR01 W S XX

#### OVAL COFFEE TABLE

Ideal oval shaped top that is bigger in size, making it perfect for a lounge or food display.

MG CPFV01 G S XX

#### SQUARE COFFEE TABLE

An elegant and stylish squared coffee table that will fit perfectly in any setup.

MG CPFS01 M B XX

SQUARE BISTRO TABLE MG CPRS01 WBXX

## BISTRO TABLES

The 30" (76 cm) table is the most common height and diameter utilized for dining tables in the hospitality industry. Available in both round and square tabletop shapes, the Mogogo PoLo Tables unique modular system allows to be transformed into a highboy or three-tier dessert station in just a few steps.

Mogogo Bistro Tables are designed for a lightweight, stylish, and clean look, in addition to their flexible and functional properties.

## TRANSFER & STORAGE CARTS

Mogogo's utility carts are designed for your convenience and mobility and are an integral part of the PoLo system as they make storing and assembling the tables easy. Whether it is to pull out the tabletops, to push them through the halls, or get in and out of elevators; they make the behind the scenes of your time-sensitive events easier and give you an extra push on productivity.
