STATION

Complete customization available.

The Cache Station can be use as a singular display, or seamlessly connect multiple troves to create a fully custom display wall.

THREE REASONS YOUR CUSTOMERS WON'T BE ABLE TO SAY NO.

# Why ORI ?

**01**

## Zero Grunt Work

### **Effortless Mobility**

So light, staff will actually want to reconfigure the room. Move an entire banquet setup without breaking a sweat—or a back.

**02**

## Stainless Steel Chic

### **Premium Look & Feel**

Looks like a million bucks, moves like a paper airplane. The gold-finished base is a much a design statement as a structural one.

**03**

## Space-Saving Ninja

### **Folds Flat Instantly**

Reclaim your storage space in seconds. Ori folds down completely flat so your back-of-house actually stays organized.

Inspired by the Japanese art of Origami — light as a paper crane, twice as clever.

ORI - UNFOLD. WORK. REPEAT.
