PLANIT

FERMENTATION CHAMBER
by **WARING**

THE ALL-IN-ONE SOLUTION FOR ENDLESS PLANT PROTEIN POSSIBILITIES

Unlock an expanding world of flavorful ferments and fresh plant proteins. In partnership with Planit Protein®, Waring is launching a revolutionary, first-of-its-kind tool that will enable you to safely and consistently ferment foods, producing tempeh, koji, and many other ferments with the push of a button.

WPP600 | PLANITPOD® FERMENTATION CHAMBER

- The PlanitPOD® by Waring® is a revolutionary fermentation chamber designed for consistency, safety, and ease of use when growing plant proteins, tempeh, and koji
- Preprogrammed and validated recipes for tempeh, koji, and Planit Protein® blends
- Time-efficient cooking:
 - Tempeh & Planit Protein® blends ready in just 24 hours
 - Koji ready in 50 hours
- Internal airflow design gives PlanitPOD® a stable environment for perfect growth
- Low-temperature pasteurization cycle included at the end of each growing cycle
- High-temperature sanitization cycle to prepare the chamber for the next cooking cycle
- Export HACCP data logs via USB dataport
- Digital control panel with LEDs that cycle through each program function
- Audible beep to alert the end of each cycle
- Heavy-duty housing construction
- Door is removable for easy hand cleaning
- Condensation tray and silicone ventilation ports are removable and dishwasher safe for easy cleaning
- Includes stainless steel fermentation tray and A-frame that are both dishwasher safe
- Limited one-year warranty
- 120V, 60Hz, 600W

THE SYSTEM: TURNKEY, SAFE & PROFITABLE
