COLLECTION

 DISPLAYS
Cayuga

DEPARTMENT: SPECIALTY

When you add those specialty functions in your retail space you increase sales, but you also enhance the overall brand impression of your store.

Don't let the product - rich center areas or your store go under - utilized. Grocery display needs to do more than present for efficiency and visibility. In this area it's all about bringing maximum interest and energy to the inner square footage..

Perhaps it's a popular soup and salad bar or a focal area of gondola shelving. Let's talk about all of the options. We'll help you find the right unit - or combination of units - to inject excitement and interest on your floor.

We'll help you develop your central zone to achieve the product attention and customer experience that will translate to product sales and customer loyalty

"Cayuga has always provided us with sensible and reliable options and have always exceeded our expectations in customer service.."

Neil Forth
Neelands Refrigeration
Sales

"Cayuga creates VALUE for us and their design team is great to work with. Some people may call their product fixtures but I call it furniture."

Noah Katz
Foodtown PSK

Formica® Laminate

Formica Group provides surfaces that fuse beautiful design with purposeful functionality. Formica® Products provide versatile surfacing solutions that are inspired by and adapt to the way people live, work and play.

Formica® Brand Laminate offers a broader range of looks than ever before. Transform spaces with our modern laminates that are as beautiful as they are durable. Mix and match solids, patterns and finishes.

Product Features:

- Postforming
- Durable and Wear-resistant
- Horizontal and Vertical
- Impact Resistant

Formica® EliteForm

Our innovative Formica® EliteForm surfacing technology redefines the performance attributes of high pressure laminate to deliver a more durable laminate for today's market. Formica® Laminate with EliteForm features superior scratch resistance over other laminate brands, the ability to postform to a smaller radius with better blister resistance, and more durable, long-lasting surfaces, including the Gloss texture in horizontal applications. EliteForm comes standard on all Formica® Laminates, at no additional cost.

Formica Canada Inc. is located in St-jean-sur-Richelieu, Quebec, and employs more than 250 people.

Formica Canada is proud to be part of the Well Made Here local purchasing program.

As the inventor of high pressure laminate, Formica Corporation has always worked to provide innovative, high quality products. Efficient use of resources is at our core, and we have taken many steps to improve our environmental footprint - from reusing the water in our presses to incorporating recycled materials into our surfacing products. We are committed to a long-term planning horizon that includes becoming an industry-leading environmental steward.

HOW TO ORDER

We'll help you select the right case for your requirements.
The steps below will help us to serve you best.

- 1 Choose the showcase that meets your display requirements from the product specification sheets.
- 2 Review the options table found on the specification sheet and make your selections of the options provided.
- 3 Select from the large pallet of colours found on the last five pages of the brochure, or choose a stainless steel, standard black or white for the exterior finish of your showcase.
- 4 E-mail your request for a quote to your Cayuga sales representative or sales@cayugadisplays.com and we will quickly respond to your request.
Please include your full contact information in case we have any questions.
