Nesting Tables — Expand the Event

Clean, minimal, and endlessly flexible. Nesting tables give teams the ability to build a bar or buffet when it's needed.

Great for:

- Temporary bars for receptions
- Buffet lines & action stations
- Dessert or coffee displays
- Banquet overflow service
- Multi-level presentation & staggered plating

The idea: Roll out one piece — scalable service without permanent fixtures.

Modular Bar System — Build Your Service

Designed as a connected service line rather than a single piece, the modular bar system is tailored to your event.

Great for:

- Large banquets & receptions
- Action stations & chef interaction service
- Cocktail and wine service lines
- Themed or seasonal activations
- Progressive or multi-course events

The idea: A complete service environment built from interchangeable pieces instead of fixed furniture.

Outdoor Bars — Service Without Boundaries

Designed for open-air environments, outdoor bars bring elevated beverage service to patios, terraces, pool decks, golf courses, and event lawns without sacrificing durability or style.

Great for:

- Poolside and resort service
- Country club patios & golf course events
- Outdoor weddings & receptions
- Beach clubs & rooftop lounges
- Seasonal activations & pop-up bars

The idea: A weather-ready bar designed to perform in outdoor environments while maintaining the same level of luxury, flexibility, and presentation as an indoor service bar.
